WHO NEEDS HELP?

All of us encounter problems in our day to day living, which impact us personally or involve those around us such as family, a spouse, or co-workers. These problems may cause us to feel confused, anxious, depressed or angry. Often we are able to resolve these problems on our own or with the assistance of family and friends. However, there may be times when we need to seek outside help, not out of personal weakness or failure, but as a natural and proactive health decision.

COST

Most insurances including Medicaid and Medicare are accepted. Personal fees are determined by a sliding fee scale, based on family income and ability to pay.

TEAM

An Interdisciplinary team of psychiatrists, psychiatric social workers, mental health therapists, psychiatric nurses, care managers, physician assistants, and credentialed alcohol and substance abuse counselors staff the clinics.

- All contacts and information are confidential.
- Walk-in services are available at Jamestown and Dunkirk offices.
- Please call ahead if you have any questions.

ACCREDITATION

Clinics are licensed by NYS Office of Mental Health and NYS Office of Alcohol and Substance Abuse.
