Lung cancer is deadly because **MOST PEOPLE WHO NEED TO BE SCREENED ARE NOT GETTING SCREENED.** Lung cancer screening helps to detect the cancer when it's easier to treat.

**You can change this.**  
IF YOU ARE ELIGIBLE,  
**GET SCREENED.**  
It's a simple, painless low-dose CT scan.

MORE THAN **36%**

of patients living in counties with the highest rate of lung cancer mortality must drive at least an hour to get a low-dose CT scan.

**EDDY** brings lung cancer screening to them.

LUNG CANCER SCREENING IS  
COMING TO YOUR NEIGHBORHOOD!
