

ABOUT US

We are a Community Health Center (CHC) that provides high-quality, affordable healthcare services to individuals of all ages. Our professional team of providers specialize in a wide variety of care and are always accepting new patients for all services. We never turn anyone away.

We accept all major insurances, as well as Medicaid and Medicare. For those who are uninsured or underinsured, we have a sliding fee scale and will work to meet financial needs.

Our Family Caring for Your Family

The Chautauqua Center is a Federally Qualified Health Center (FQHC). An FQHC is a community-based provider that receives federal funds to provide healthcare in underserved areas. FQHCs must meet a stringent set of requirements, including providing care on a sliding fee scale and operating under a governing board that includes patients.

Since opening our first site in 2013, The Chautauqua Center has been recognized as a health leader in the region. In 2017, we proudly achieved the designation of a Patient Centered Medical Home (PCMH), reflecting an excellent track record of providing advanced primary care by taking the extra step for patients and those in the community.

In 2020 we received the Economic Development Award from the Chautauqua County Chamber of Commerce, an honor reserved for an organization that has contributed most to the economic development, quality of life, and stability of our region.

In October of 2021, the Waterfront Pharmacy became 340b certified and opened to the general public, serving all of Chautauqua County. Chautauqua Physical and Occupational Therapy merged with us in October 2022, and Tri-County Family Medicine in Gowanda, NY, joined us in February 2023.
