SUBJECT: MAINTENANCE OF FUND BALANCE

General Provisions

The Board recognizes that the maintenance of a fund balance is essential to the financial integrity of the District insofar as it helps mitigate current and future risks and assists in ensuring stable tax rates. Consistent with this understanding, the Board adopts the following standards and practices.

Classification of Funds

The District will ensure that funds are classified consistent with Governmental Accounting Standards Board (GASB) Statement Number 54, Fund Balance Reporting and Governmental Fund Type Definitions. Consequently, fund balance amounts will be categorized as non-spendable, restricted, committed, assigned, or unassigned.

Unassigned Fund Balance

Minimum Unassigned Fund Balance

In order to maintain financial stability and protect against cash flow shortfalls, the Board will strive to maintain an unassigned fund balance of at least 2% of the current year's budgeted expenses. In the event such balance falls below the 2% floor, the District will seek to replenish deficiencies through reducing expenses and/or increasing revenue.

Maximum Unassigned Fund Balance

In order to support normal operating costs and provide fiscal stability for the District, the Board will also strive to ensure that the unassigned fund balance does not exceed 4% of the current year's budgeted expenditures. If it is anticipated that such balance will exceed the 4% ceiling, the Board will evaluate current commitments and assignments in order to determine the final distribution of fund balance in any fiscal year. The District will ensure unexpended surplus funds are used to reduce taxpayer liability in conformance with Real Property Tax Law Section 1318.

Fund Balance and Budget Development

The District's ability to maintain its unassigned fund balance within the limits articulated above is contingent upon the development of a reasonable budget. Consequently, the District will develop and adopt budgets that, to the extent possible, reflect the anticipated revenues and expenditures.

Likewise, the District will ensure that appropriate reserve funds are established and utilized, consistent with applicable law and District policy, to ensure the fund balance is sufficient to meet District needs.

SUBJECT: ALLOCATION OF TITLE I, PART A FUNDS IN THE DISTRICT

Allocation of Funds

The District allocates the Title I, Part A funds it receives to District school buildings on the basis of the total number of students from low-income families in each eligible school attendance area or eligible school, as defined in law. Unless the District school building is participating in a school wide program, the District school building will only use Title I, Part A funds for programs that provide services to eligible children, as defined in law, identified as having the greatest need for special assistance.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

Allocation Methodology

The District has developed an allocation methodology that is consistent with Title I guidelines.

SUBJECT: DATA NETWORKS AND SECURITY ACCESS

The District values the protection of private information of individuals in accordance with applicable law, regulations, and best practice. Accordingly, District officials and Information Technology (IT) staff will plan, implement, and monitor IT security mechanisms, procedures, and technologies necessary to prevent improper or illegal disclosure, modification, or denial of sensitive information in the District Computer System (DCS). Similarly, IT mechanisms and procedures will also be implemented in order to safeguard District technology resources, including computer hardware and software. District network administrators may review District computers to maintain system integrity and to ensure that individuals are using the system responsibly. Users should not expect that anything stored on school computers or networks will be private.

In order to achieve the objectives of this policy, the Board entrusts the Superintendent or designee to:

- a) Inventory and classify personal, private, and sensitive information on the DCS to protect the confidentiality, integrity, and availability of information;
- b) Develop password standards for all users including, but not limited to, how to create passwords and how often passwords should be changed by users to ensure security of the DCS:
- c) Ensure that the "audit trail" function is enabled within the District's network operating system, which will allow the District to determine on a constant basis who is accessing the DCS, and establish procedures for periodically reviewing audit trails;
- d) Develop procedures to control physical access to computer facilities, data rooms, systems, networks, and data to only authorized individuals; these procedures may include ensuring that server rooms remain locked at all times and the recording of arrival and departure dates and times of employees and visitors to and from the server room;
- e) Establish procedures for tagging new purchases as they occur, relocating assets, updating the inventory list, performing periodic physical inventories, and investigating any differences in an effort to prevent unauthorized and/or malicious access to these assets;
- f) Periodically grant, change, and terminate user access rights to the overall networked computer system and to specific software applications and ensure that users are given access based on, and necessary for, their job duties;
- g) Limit user access to the vendor master file, which contains a list of vendors from which District employees are permitted to purchase goods and services, to only the individual who is responsible for making changes to this list, and ensure that all former employees' access rights to the vendor master list are promptly removed;

SUBJECT: DATA NETWORKS AND SECURITY ACCESS (Cont'd.)

- h) Determine how, and to whom, remote access should be granted, obtain written agreements with remote access users to establish the District's needs and expectations, as appropriate, and monitor and control remote access;
- i) Verify that laptop computer systems assigned to teachers and administrators use full-disk encryption software to protect against loss of sensitive data;
- j) Deploy software to servers and workstations to identify and eradicate malicious software attacks such as viruses and malware;
- k) Develop a disaster recovery plan appropriate for the size and complexity of District IT operations to ensure continuous critical IT services in the event of any sudden, catastrophic event, including, but not limited to fire, computer virus, or deliberate or inadvertent employee action.

SUBJECT: USE OF EMAIL IN THE DISTRICT

Overview

Email is a valuable tool that allows for quick and efficient communication. However, careless, unacceptable, or illegal use of email may place the District and members of its community at risk. Use of email in the District must be consistent with the District's educational goals and comply with federal and state laws and regulations, as well as all applicable District policies, regulations, procedures, collective bargaining agreements, and other related documents such as the District's *Code of Conduct*. This includes, but is not limited to, this policy and the District's policies on non-discrimination and antiharassment, protecting the personal information of District employees and students, acceptable use, and record management.

District-related emails are most secure and best managed when District email services are used. Accordingly, the District's email services should be used for all District-related emails, including emails in which students or student issues are involved. Personal email accounts should not be used to conduct District-related business. Further, District email accounts should not be used as any individual's primary personal email address.

Scope and Application of Policy

This policy applies to all District employees and any individual assigned a District email address to conduct District-related business (authorized user).

Sending Emails with Personal, Private, and Sensitive Information

Personal, private, and sensitive information (PPSI) is any information to which unauthorized access, disclosure, modification, destruction, use, or disruption of access or use could have or cause a severe impact on critical District functions, employees, students, third parties, or other individuals or entities. For purposes of this policy, PPSI includes, but is not limited to:

- a) District assessment data;
- b) Protected student records;
- c) Information subject to laws protecting personal information such as Family Educational Rights and Privacy Act (FERPA), Individuals with Disabilities Act (IDEA), Health Insurance Portability and Accountability Act (HIPAA);
- d) Social security numbers;
- e) Driver's license or non-driver identification card numbers;
- f) Credit or debit card numbers:

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

- g) Account numbers;
- h) Passwords; and
- i) Access codes.

The failure to follow proper security protocols when emailing PPSI increases the risk that unauthorized individuals could access and misuse PPSI.

District employees and authorized users may not send or forward emails that include PPSI:

- a) PPSI without building principal or supervisor authorization. Additional precautions, such as encrypting the email in a District-approved method, should be taken when sending any emails containing PPSI.
- b) Lists or information about District employees always require the Director of Technology's authorization.
- c) Attachments with file names that may disclose PPSI. Files containing PPSI should be password protected and encrypted. File protection passwords should not be transmitted via email. District employees and authorized users will not use cloud-based storage services (such as Dropbox or OneDrive) to transmit files with PPSI without previous District approval or consulting with a building principal or supervisor.
- d) Comments or statements about the District that may negatively impact it.

Any questions regarding the District's protocols for sending emails with PPSI or what information may or may not be emailed should be directed to a supervisor.

Receiving Suspicious Emails

Social engineering attacks are prevalent in email. In a social engineering attack, an attacker uses human interaction (social skills) to obtain confidential or sensitive information.

Phishing attacks are a form of social engineering. Phishing attacks use fake email messages pretending to represent a legitimate person or entity to request information such as names, passwords, and account numbers. They may also deceive an individual into opening a malicious webpage or downloading a file attachment that leads to malware being installed.

Malware is malicious software that is designed to harm computer systems. Malware may be inadvertently installed after an individual opens an email attachment, downloads content from the Internet, or visits an infected website.

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

Before responding to any emails, clicking on any hyperlinks, or opening any attachments, District employees and authorized users should review emails for indicators of suspicious activity. These indicators include, but are not limited to:

- a) Attachments that were not expected or make no sense in relation to the email message;
- b) When the recipient hovers the mouse over a hyperlink that is displayed in the email, the link to the address is for a different website;
- c) Hyperlinks with misspellings of known websites;
- d) The sender is not someone with whom the recipient ordinarily communicates;
- e) The sender's email address is from a suspicious domain;
- f) Emails that are unexpected, unusual, or have bad grammar or spelling errors; and
- g) Emails asking the recipient to click on a link or open an attachment to avoid a negative consequence or to gain something of value.

District employees and authorized users should forward suspicious emails to the Director of Technology.

No Expectation of Privacy

District employees and authorized users should have no expectation of privacy for any email messages they create, receive, or maintain on their District email account. The District has the right to monitor, review, and audit each District employee's and authorized user's District email account.

Accessing District Email Services on Personal Devices

In the event a District employee or authorized user loses a personal device that has been used to access the District's email service, that District employee or authorized user should notify the District's IT staff so that measures can be taken to secure the email account.

Personal Use

The District's email services are intended for District-related business only. Incidental or limited personal use of the District's email services is allowed so long as the use does not interfere with job performance. However, District employees and authorized users should have no expectation of privacy in this email use.

Personnel

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

The District's email services should not be used to conduct job searches, post personal information to bulletin boards, blogs, chat groups, and list services, etc. without authorization from a building principal or supervisor.

It is prohibited to use the District's email services for:

- a) Illegal purposes;
- b) Transmitting threatening, obscene, discriminatory, or harassing materials or messages;
- c) Personal gain or profit;
- d) Promoting religious or political causes; and/or
- e) Sending spam, chain letters, or any other type of unauthorized widespread distribution of unsolicited mail.

Personal email accounts or services (Yahoo, Gmail, etc.) should not be accessed via the District Computer System (DCS) without authorization from a building principal or supervisor.

Confidentiality Notice

A standard confidentiality notice will automatically be added to each email as determined by the District.

Training

District employees and authorized users will receive ongoing training related to the use of email in the District. This training may cover topics such as:

- a) What is expected of users, including the appropriate use of email with students, parents, and other individuals to avoid issues regarding harassment and/or charges of fraternization;
- b) How to identify suspicious emails, as well as what to do after receipt of a suspicious email;
- c) Emailing PPSI;
- d) How to reduce risk to the District;
- e) Cost of policy non-compliance;
- f) Permanence of email, including how email is never truly deleted, as the data can reside in many different places and in many different forms; and

 (Continued)

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

g) How users should have no expectation of privacy when using the DCS or any District email service.

Notification

The District will provide annual notification of this policy and any corresponding regulations to all District employees and authorized users. The District will then require that all employees and authorized users acknowledge that they have read, understood, and will comply with the policy and regulations.

Records Management and Retention

The same laws and business records requirements apply to email as to other forms of written communication.

Email will be maintained and archived in accordance with Retention and Disposition Schedule for New York Local Government Records (LGS-1) and as outlined in any records management policies, regulations, and/or procedures.

Additionally, emails may be subject to disclosure under the Freedom of Information Law (FOIL), a court action, an audit, or as otherwise required or permitted by law or regulation.

Disciplinary Measures

Failure to comply with this policy and any corresponding regulations or procedures may subject a District employee and authorized user to discipline such as loss of email use, loss of access to the DCS, and/or other disciplinary action up to and including termination. When applicable, law enforcement agencies may be contacted.

The District's IT staff may report inappropriate use of email by a District employee or authorized user to the District employee or authorized user's building principal or supervisor who may take appropriate action which may include disciplinary measures.

SUBJECT: REMOTE WORKING

The District believes that its goals and objectives are best served when employees work in-person on District premises. However, the District recognizes that, in certain circumstances, remote working or telecommuting may be advantageous to both the employee and the District. It may also be necessary in the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation.

When making decisions about remote working, the District will take into consideration any applicable laws, regulations, collective bargaining agreements, or existing policies and procedures. This policy will be superseded by any conflicting law, regulation, or collective bargaining agreement.

Remote Working Arrangements

Remote working is not an entitlement or a District-wide benefit. The ability to work remotely is completely at the discretion of the District. Except where specifically provided by an applicable collective bargaining agreement, employees will not be permitted to file a grievance as a result of a denial of their request to work remotely.

Upon request, an employee's supervisor, in conjunction with the Superintendent or designee, may grant an employee a full-time, part-time, or short-term remote work arrangement provided that the employee's work is able to be performed remotely and the employee has consistently demonstrated the ability to effectively work independently.

Extraordinary Circumstances

In the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation, it may be necessary to establish remote working arrangements for some or all employees. In these circumstances, the District will notify employees of whether they are expected to work at home full-time, part-time, or not at all. The District retains the right to change the remote working arrangement for any employee at any time.

Continuity of Work

Unless specifically agreed upon, working remotely will not alter an employee's work schedule, job duties, compensation, benefits, or any other term and condition of employment. Further, while working remotely, employees will be required to remain available during their normal workhours via email, phone, or other means. Failure to respond in a reasonable time frame may result in discipline and/or termination of the remote work arrangement.

SUBJECT: REMOTE WORKING (Cont'd.)

Compliance with District Policies and Procedures

District employees who are working remotely are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would if they were working on District premises. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, protecting the personal information of District employees and students, acceptable use, and copyright. Engaging in prohibited conduct may result in disciplinary action as warranted.

SUBJECT: REMOTE INSTRUCTION

Overview

The District may offer remote or distance instruction to students at certain times including, but not limited to, independent study, courses, and in the event of an emergency condition, including, but not limited to, extraordinary adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of a school building, or a communicable disease outbreak.

In the event the District remains in session and provides remote instruction when it would otherwise close due to an emergency condition, the remote instruction provided by the District will be consistent with the District's emergency remote instruction plan, located in the District-wide school safety plan.

When making decisions about remote instruction, the District will consult with all stakeholders as appropriate. When implementing remote instruction, the District will ensure that it is complying with applicable teaching and learning requirements.

Definitions

- a) "Asynchronous instruction" means instruction where students engage in learning without the direct presence (remote or in-person) of a teacher.
- b) "Non-digital and/or audio-based instruction" means instruction accessed synchronously and/or asynchronously through paper-based materials where the student to teacher interaction occurs via telephone or other audio platforms.
- c) "Remote instruction" means instruction provided by an appropriately certified teacher who is not in the same in-person physical location as the student(s) receiving the instruction, where there is regular and substantive daily interaction between the student and teacher.
 - 1. Remote instruction will encompass synchronous instruction provided through digital video-based technology and may also include asynchronous instruction intended to complement synchronous instruction. Digital video-based technology includes online technology and videoconferencing technology.
 - 2. Remote instruction may encompass non-digital and audio-based asynchronous and/or synchronous instruction where this instruction is more appropriate for a student's educational needs.
- d) "Synchronous instruction" means instruction where students engage in learning in the direct presence (remote or in-person) of a teacher in real time.

SUBJECT: REMOTE INSTRUCTION (Cont'd.)

Formats and Methods of Remote Instruction

Remote instruction may be delivered through a variety of formats and methods. Determinations about how to best deliver remote instruction will take into account a variety of factors including, but not limited to, the number of students involved, the subject matter, the students' grade levels, and technological resources of both the District and students. Consideration will also be given to whether accommodations need to be made for students with disabilities or English language learners.

Remote Instruction During an Emergency Condition

Emergency Remote Instruction Plan

The District-wide school safety plan will include plans for the provision of remote instruction during any emergency school closure. The emergency remote instruction plan will include:

- a) Policies and procedures to ensure computing devices will be made available to students or other means by which students will participate in synchronous instruction and policies and procedures to ensure students receiving remote instruction under emergency conditions will access Internet connectivity. The District will survey students and parents and persons in parental relation to obtain information on student access to computing devices and access to Internet connectivity to inform the emergency remote instruction plan;
- b) Expectations for school staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction;
- c) A description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate;
- d) A description of how special education and related services will be provided to students with disabilities and preschool students with disabilities in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education; and
- e) If the District receives foundation aid, the estimated number of instructional hours the District intends to claim for state aid purposes for each day spent in remote instruction due to emergency conditions.

SUBJECT: REMOTE INSTRUCTION (Cont'd.)

Reporting of Computer and Connectivity Survey Results

No later than June 30 of each school year, the Superintendent will report to the Commissioner of Education the results of the survey on student access to computing devices and access to Internet connectivity on a form and format prescribed by the Commissioner.

Minimum Instructional Hours

Remote instruction provided on days when the District would have otherwise closed due to an emergency condition may be counted toward the annual hourly requirement for the purpose of state aid. The Superintendent will certify to the New York State Education Department, on a form prescribed by the Commissioner, that an emergency condition existed on a previously scheduled school day and that the District was in session and provided remote instruction on that day and indicate how many instructional hours were provided on that day and certify that remote instruction was provided in accordance with the District's emergency remote instruction plan.

Remote Instruction Support

As necessary, the District will provide instruction on using remote instruction technology and IT support for students, teachers, and families. The District will also work to ensure that teachers and administrators are provided with professional development opportunities related to designing an effective remote instruction experience.

Compliance with District Policies, Procedures, and the Code of Conduct

Teachers and students are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would for in-person instruction. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, acceptable use, and copyright. Students will also be required to abide by the rules contained within the *Code of Conduct* at all times while engaged in remote instruction. Violations of the *Code of Conduct* and/or engaging in prohibited conduct may result in disciplinary action as warranted.

Privacy and Security of Student and Teacher Data

The District will take measures to protect the personally identifiable information of students and teachers from unauthorized disclosure or access when using remote instruction technologies in compliance with law, regulation, and District policy. Examples of these measures include, but are not limited to, minimizing the amount of data shared to only that which is necessary, deidentifying data, and using encryption or an equivalent technical control that renders personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons when transmitted electronically.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. Using personal electronic devices during instructional time can enable students to explore new concepts, personalize their learning experience, and expand their global learning opportunities. Additionally, the use of personal technology devices is ubiquitous in today's society and standards for student use during non-instructional time should adapt to this change. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's *Code of Conduct*, and the Dignity for All Students Act.

Personal technology includes all existing and emerging technology devices that can take photographs; record or play audio or video; input text; upload and download media; connect to or receive information from the Internet; and transmit or receive messages, telephone calls, or images. Examples of personal technology include, but are not limited to, iPods and MP3 players; iPad, Nook, Kindle, and other tablet PCs; laptop and netbook computers; personal digital assistants (PDAs), cell phones and smart phones such as BlackBerry, iPhone, or Droid, as well as any device with similar capabilities. Unacceptable devices include, but are not limited to, gaming devices or consoles, laser pointers, modems or routers, and televisions.

Instructional Purposes

Personal technology use by students is permitted during the school day for instructional purposes and/or in approved locations only. Teachers will indicate when and if classroom use is acceptable. Students are expected to act responsibly and thoughtfully when using technology resources. Students must first inquire with school administrators or teachers when they are unsure of the permissibility of a particular use of technology.

Instructional purposes include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework, and other activities as deemed appropriate by school staff.

Non-Instructional Uses

Appropriate use of personal technology during non-instructional time is also allowed if students follow the guidelines in the AUP and *Code of Conduct*. Non-instructional use includes texting, calling, and otherwise communicating with others during free periods and in common areas of the school building such as the hallways, cafeteria, study halls, buses, and student lounges. Other non-instructional uses include Internet searches, reading, listening to music, and watching videos. Use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must also be in silent mode to avoid disrupting others.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY (Cont'd.)

Liability

The District will not be liable for the loss, damage, misuse, or theft of any personal technology brought to any of its schools. The District reserves the right to monitor, inspect, and/or confiscate personal technology when the administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices, and any other areas where a person would reasonably expect some degree of personal privacy.

Prohibition During State Assessments

All students are prohibited from bringing electronic devices into a classroom or other location where a New York State assessment is being administrated. Test proctors, test monitors, and school officials have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

Students with disabilities may use certain devices if the device is specified in that student's IEP or 504 plan or a student has provided medical documentation that they require the device during testing.

Permission

Students will not be permitted to use personal technology devices in school or at school functions until they have reviewed the AUP, the applicable sections of the *Code of Conduct* and associated technology guidelines, and signed the Student Use of Personal Technology Permission Form with their parents. The District reserves the right to restrict student use of District-owned technologies and personal technology on school property or at school-sponsored events.

Students must follow the guidelines for use set out in the District Code of Conduct and the AUP at all times. Consequences for misuse are set forth in the District's Code of Conduct.

SUBJECT: COMMITTEE ON SPECIAL EDUCATION (CSE)/COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE)

Committee on Special Education (CSE) Membership

The Board will appoint a CSE in accordance with relevant law and regulations, whose membership will include, but not be limited to, the following members:

- a) The parent(s) or persons in parental relation of the student;
- b) At least one regular education teacher of the student (if the student is, or may be, participating in the regular education environment);
- c) At least one special education teacher of the student, or, if appropriate, at least one special education provider (i.e., related service provider) of the student;
- d) A school psychologist;
- e) A District representative who is qualified to provide or supervise special education and who is knowledgeable about the general education curriculum and the availability of District resources. This individual may also be the same individual appointed as the special education teacher or special education provider of the student or the school psychologist. The District representative will serve as the chairperson of the Committee;
- f) An individual who can interpret the instructional implications of evaluation results, who may also be the CSE member appointed as the regular education teacher, the special education teacher, or special education provider, the school psychologist, the District representative described above, or a person having knowledge or special expertise regarding the student as determined by the District:
- g) A school physician, if specifically requested in writing by the parent or by the District at least 72 hours prior to the meeting;
- h) An additional parent member of a student with a disability residing in the District or a neighboring school district, provided that this parent's child has been declassified less than five years' prior or the child has graduated less than five years' prior, if specifically requested in writing by the parent of the student, the student, or member of the CSE at least 72 hours prior to the meeting;
- i) Other persons having knowledge or special expertise regarding the student as designated by either the parent or District;
- j) The student, if appropriate.

SUBJECT: COMMITTEE ON SPECIAL EDUCATION (CSE)/COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE) (Cont'd.)

Subcommittee on Special Education Membership

The Board may appoint, as necessary, Subcommittees on Special Education to assist in the timely evaluation and placement of students with disabilities in accordance with applicable law and Commissioner's regulations. The Board will determine the number of subcommittees to be appointed upon the recommendation of the CSE.

Committee on Preschool Special Education (CPSE) Membership

The Board will appoint a CPSE whose membership and purpose varies slightly from the membership of the CSE. The CPSE must include those same individuals as the CSE as set forth within this policy and also include the following members:

- a) For a child in transition from early intervention programs and services, at the request of the parent or person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child; and
- b) A representative of the municipality of the preschool child's residence.

Member Attendance

All members of the CSE or CPSE must attend committee meetings except that the parent and District may agree in writing prior to the meeting date that the attendance of a member or members is not necessary or impossible in accordance with applicable Commissioner's regulations and, as a result, may be excused from the meeting.

Training

The training of qualified personnel is essential to the effective implementation of Commissioner's regulations regarding the education of all students with disabilities.

The Director of Special Education will establish administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Part 200 of the Commissioner's regulations as well as members of the CSE and CPSE.

Alternative Means of Meeting

When conducting a meeting of the CSE or CPSE, the parent and the representative of the District appointed to the CSE or CPSE may agree to use alternative means of meeting participation, such as videoconferences and conference calls.

SUBJECT: CONFIDENTIALITY OF COMPUTERIZED INFORMATION

The safeguarding of confidential data from inappropriate use is essential to the success of the District's operation. Access to confidential computerized data will be limited only to authorized personnel of the District.

It is a violation of the District's policy to release confidential computerized data to any unauthorized person or agency. Any employee who releases or otherwise makes improper use of computerized data is subject to disciplinary action.

However, if the computerized information sought is available under the Freedom of Information Law and can be retrieved by means of existing computer programs, the District is required to disclose this information.

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance section that

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

School District Report Card

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the state. The School District Report Cards consist of three parts:

- a) Accountability and Overview Report shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.
- b) Comprehensive Information Report shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.
- c) Fiscal Accountability Supplement shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

Property Tax Report Card

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and
- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and
- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, SED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on SED's official website.

Tax Exemption Report

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;
- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)

As a Local Educational Agency (LEA), the District may receive its full allocation of Title I funds if its combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the District for the preceding fiscal year was not less than 90% of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

In determining the District's compliance with the maintenance of effort requirement, the State Educational Agency (SEA) will consider its expenditures from state and local funds for free public education. These include expenditures for administration, instruction, attendance, health services, student transportation services, plant operation and maintenance, fixed charges, and net expenditures to cover deficits for food services and student body activities.

The SEA will not consider the following expenditures in determining the District's compliance with the maintenance of effort requirements:

- a) Any expenditures for community services, capital outlay, and debt service;
- b) Any expenditures made from funds provided by the federal government for which the District is required to account to the federal government directly or through the SEA.

The School Business Official will review, as part of the budgeting process, this combined fiscal effort to ensure compliance.

SUBJECT: RECORDS MANAGEMENT

The Superintendent will designate a Records Management Officer, subject to Board approval, to develop and coordinate the District's orderly and efficient records management program. Among other aspects, this program includes the legal disposition or destruction of obsolete records and the storage and management of inactive records. The Records Management Officer will work with other District officials to develop and maintain this program.

The District may create a Records Advisory Board to assist in establishing and supporting the records management program. Members of this board may include the District's legal counsel, the fiscal officer, and the Superintendent or designee, among others.

Retention and Disposition of Records

The District will retain records and dispose of them in accordance with the Retention and Disposition Schedule for New York Local Government Records (LGS-1) or as otherwise approved by the Commissioner of Education. Further, if any law specifically provides a retention period longer than that established by this schedule, the retention period established by the law will govern.

Replacing Original Records with Microforms or Electronic Images

The District will follow procedures prescribed by the Commissioner of Education to ensure accessibility for the life of any microform or electronic records that replace paper originals or micrographic copies.

Retention and Preservation of Electronic Records

The District will ensure that records retention requirements are incorporated into any program, plan, or process for design, redesign, or substantial enhancement of an information system that stores electronic records. The District will also ensure that electronic records are not rendered unusable because of changing technology before their retention and preservation requirements expire.

Arts and Cultural Affairs Law Article 57-a 8 NYCRR Part 185

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP)

The Board will provide access to various computerized information resources through the District's computer system ("DCS") consisting of software, hardware, computer networks, and electronic communications systems. This may include access to email, on-line services, and the Internet. It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, will be subject to this policy. Further, all DCS use must be in support of education or research and consistent with the goals and purposes of the District.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents or guardians notice that student use of the DCS will provide student access to external computer networks not controlled by the District. The District cannot screen or review all of the available content or materials on these external computer networks, thus, some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents or guardians.

It is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians should establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage.

District students must also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students who engage in unacceptable use of the DCS may lose access in accordance with applicable due process procedures, and may be subject to further discipline in accordance with the District Code of Conduct.

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP) (Cont'd.)

Student data files and other electronic storage areas are considered District property subject to control and inspection. The Computer Coordinator may access all files and communications without prior notice to ensure system integrity and that users are complying with the requirements of this policy. Students should not expect that information stored on the DCS will be private.

Notification

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

General Obligations Law § 3-112

District *Code of Conduct*

SUBJECT: DIGNITY FOR ALL STUDENTS

Overview

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. This policy is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by employees or other students on school property and at school functions.

In addition, other acts of harassment, bullying, and/or discrimination that occur off school property may be subject to discipline or other corrective action, where such acts create or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach school property.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of harassment, bullying, and/or discrimination of students. The District will promptly respond to reports of harassment, bullying, and/or discrimination of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Dignity Act Coordinator(s) (DAC(s)).

Dignity Act Coordinator

In each of its schools, the District will designate at least one employee to serve as the DAC and receive reports of harassment, bullying, and/or discrimination. Each DAC will be:

- a) Approved by the Board;
- b) Licensed and/or certified by the Commissioner as a classroom teacher, school counselor, school psychologist, school nurse, school social worker, school administrator or supervisor, or superintendent;
- c) Instructed in the provisions of the Dignity for All Students Act and its implementing regulations;

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

- d) Thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religious practice, disability, sexual orientation, gender, and sex;
- e) Provided with training which addresses the social patterns of harassment, bullying, and discrimination, including, but not limited to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex;
- f) Provided with training in the identification and mitigation of harassment, bullying, and discrimination; and
- g) Provided with training in strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

- a) Listing it in the Code of Conduct, with updates posted on the District's website;
- b) Including it in the *Code of Conduct's* plain language summary provided to all parents or persons in parental relation to students before the beginning of each school year;
- c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution each school year, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter;
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

If a DAC vacates his or her position, the District will immediately designate another eligible employee as an interim DAC, pending approval of a successor DAC from the Board within 30 days of the date the position was vacated. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate another eligible employee as an interim DAC, pending the return of the previous individual to the position.

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional learning and will be conducted consistent with guidelines approved by the Board, and will include training to:

- a) Raise awareness and sensitivity to potential acts of harassment, bullying, and discrimination;
- b) Address social patterns of harassment, bullying, and discrimination;
- c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;
- d) Enable employees to prevent and respond to incidents of harassment, bullying, and discrimination;
- e) Make employees aware of the effects of harassment, bullying, cyberbullying, and discrimination on students;
- f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;
- g) Include safe and supportive school climate concepts in curriculum and classroom management; and
- h) Ensure the effective implementation of school policy on conduct and discipline.

Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

Internal Reports and Investigations of Harassment, Bullying, and/or Discrimination

All District employees who witness or receive an oral or written report of harassment, bullying, and/or discrimination are required to take action. District employees must make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination. No later than two school days after making the oral report, the District employee must file a written report with the Superintendent or principal, their designee, or the DAC.

The Superintendent or principal, their designee, or the DAC will lead or supervise the thorough investigation of all reports of harassment, bullying, and/or discrimination and ensure that all investigations are promptly completed after the receipt of a written report. In investigating any allegation, the investigator may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s) in investigating, responding to, and remedying complaints of harassment, bullying, and/or discrimination.

Additionally, other District policies and documents address harassment, bullying, and discrimination of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7551 -- Sexual Harassment of Students; and the District's Code of Conduct. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the DAC may work with other District staff such as the District's CRCO(s) and/or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the Superintendent or principal, their designee, or the DAC will take prompt action, consistent with applicable laws and regulations as well as the District's *Code of Conduct*, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom the behavior was directed.

The Superintendent or principal, their designee, or the DAC will promptly notify the appropriate local law enforcement agency when it is believed that any harassment, bullying, and/or discrimination constitutes criminal conduct.

Reporting Incidents

Reporting Incidents to the Superintendent

At least once during each school year, each building principal will provide a report on data and trends related to harassment, bullying, and/or discrimination to the Superintendent in a manner prescribed by the District. This report will be used to submit the annual School Safety and the Educational Climate (SSEC) Summary Data Collection form to the State Education Department (SED).

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

Reporting of Material Incidents to the Commissioner of Education

Each school year, the District will submit to the Commissioner a report of material incidents of harassment, bullying, and/or discrimination that occurred during the school year in accordance with law and regulation. This report will be submitted in a manner prescribed by the Commissioner, on or before the basic educational data system (BEDS) reporting deadline or other date determined by the Commissioner.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, and/or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, and/or discrimination.

Publication of District Policy

At least once during each school year, all employees, students, and parents or persons in parental relation will be provided with a written or electronic copy of this policy, or a plain-language summary of it. The policy or summary will include information relating to how students, parents or persons in parental relation, and employees may report harassment, bullying, and/or discrimination. Additionally, the District will maintain a current version of this policy on its website at all times.

Application

Nothing in this policy or its implementing regulations should be interpreted to preclude or limit any right or cause of action provided under any local, state, or federal ordinance, law or regulation including, but not limited to, any remedies or rights available under the Individuals with Disabilities Education Act, Title VII of the Civil Rights Law of 1964, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM

The Board will establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board will also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board will, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board will also notify the parent or guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE will provide a recommendation to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation will be provided to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the referral for review. However, if the recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board will arrange for special education programs and services for students with disabilities within 30 school days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board disagrees with the recommendation, the Board will follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or concerns. The CSE will consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with the new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or

concerns. The second CSE will consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

In accordance with Commissioner's regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board will provide the student's parents or guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Commissioner's regulations.

Committee on Preschool Special Education

Upon receipt of the recommendation of the CPSE, the Board will arrange for the preschool student with a disability to receive appropriate programs and services in accordance with the student's IEP, commencing with the July, September, or January starting date for the approved program, unless the services are recommended by the CPSE less than 30 school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, services will be provided no later than 30 days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board will send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board will provide notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE which will be responsible for the oversight and monitoring of the activities of each subcommittee to ensure compliance with the requirements of applicable state and federal laws and regulations.

Each subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or
- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)

c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees will report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee will refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement, or provision of a free appropriate education to the student.

SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM

The Board recognizes the need for educational programs for three and four year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs;
- b) Establish a Committee on Preschool Special Education (CPSE) in accordance with applicable federal and state law and regulation;
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District will collect entry assessment data in the three outcome areas on all preschool children who receive an initial evaluation. As required by Commissioner's regulations, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This includes a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three outcome areas for all preschool children evaluated and found to be eligible. The form will be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department.

If the committee recommends placing a child in an approved program that also conducted an evaluation of the child, it will indicate in writing that this placement is an appropriate one for the child. In addition, the committee will provide notice to the Commissioner of this recommendation.

SUBJECT: TITLE I PARENT AND FAMILY ENGAGEMENT

The District will collaborate with parents and other family members to help students participating in Title I programs reach their full academic potential and to improve the District's overall academic quality. As part of its collaboration, the District will conduct outreach; plan and implement programs, activities, and procedures for parent and family member engagement; and consult meaningfully with parents and family members.

District-Wide Parent and Family Engagement

To facilitate parent and family participation, the District will:

- a) Involve parents and family members in jointly developing this policy, its Title I Plan, and its support and improvement plans. If the parents or family members indicate that the Title I plan is not satisfactory, the District will submit their comments to the State Education Department along with the plan;
- b) Improve student academic achievement and school performance through coordination, providing technical assistance, and giving support necessary to assist and build the capacity of all participating schools in planning and implementing effective parent and family engagement activities, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
- c) Coordinate and integrate parent and family engagement strategies with other relevant federal, state, and local programs;

*(District to list specific programs or activities)

- d) Conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of its Title I schools. The evaluation will include identifying:
 - 1. Barriers to greater participation by parents and family members in Title I activities, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background;
 - 2. The needs of parents and family members to assist with their child's learning, including engaging with school personnel and teachers; and
 - 3. Strategies to support successful school and family interactions. **(District to list annual evaluation content)

^{*} and **District must customize

SUBJECT: TITLE I PARENT AND FAMILY ENGAGEMENT (Cont'd.)

- e) Use the evaluation's findings to design evidence-based strategies for more effective parent and family member engagement, and to revise the policy, if needed;
- f) Involve parents in Title I activities, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the District to adequately represent the students' needs, to develop, revise, and review the parent and family engagement policy; and *(District to list specific ways to involve parents)
- Involve parents and family members in decisions regarding how it spends funds reserved for parent and family engagement activities.
 **(District to list specific ways to involve parents and family members)

School-Level Parent and Family Member Engagement

The Board directs each school receiving Title I funds to develop a building-level parent and family member engagement plan with that school's parents and family members. In addition to the content included above, each school building-level plan will:

- a) Describe how to convene an annual meeting, at a convenient time, to inform parents and family members of their school's participation in Title I programs, to explain Title I requirements, and to identify the right of the parents and family members to be involved. All parents and family members of these children will be invited and encouraged to attend the meeting;
- b) Offer flexibility in scheduling meetings, and may provide transportation, child care, or home visits related to parent and family member engagement, using Title I funds;
- c) Involve parents and family members in an organized, ongoing, and timely way in planning, reviewing, and improving Title I programs, including this policy;
- d) Provide parents and family members with timely information about programs, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, the achievement levels of the challenging state academic standards, and, if requested by parents or family members, opportunities for regular meetings to formulate suggestions and to participate in decisions relating to their child's education. The District will respond to any suggestions as soon as practicably possible; and

SUBJECT: TITLE I PARENT AND FAMILY ENGAGEMENT (Cont'd.)

- e) Develop a compact jointly with parents and family members that outlines how they, school staff, and students will share responsibility for improved student academic achievement. The compact will also detail the means by which the school and parents and family members will build and develop a partnership to help all children achieve the state's standards.
- f) Have a compact that:
 - 1. Describes the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment to enable these students to meet the challenging state academic standards;
 - 2. Describes the ways in which each parent or family member will be responsible for supporting the child's learning, volunteering in the child's classroom, and participating, as appropriate, in decisions relating to the child's education and positive use of extracurricular time; and
 - 3. Addresses the importance of communication between teachers and parents or family members on an ongoing basis through, at a minimum:
 - (a) Parent or family member-teacher conferences in elementary schools, at least annually, during which the compact will be discussed as it relates to the individual child's achievement;
 - (b) Frequent reports to parents or family members on the child's progress;
 - (c) Reasonable access to staff, opportunities to volunteer and participate in the child's class, and observing their classroom activities.

 *(School to list ways [such as conferences, workshops, classes, and providing materials] to address communication between parents or family members and teachers within the compact.); and
 - (d) Ensuring regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

If the parents or family members believe that the building-level parent and family engagement plan is not satisfactory, the school will submit their comments when it makes the plan available to the District.

To ensure effective involvement of parents or family members and to support a partnership among the school involved, parents or family members, and the community, to improve student academic achievement, the District and each school will:

Instruction

SUBJECT: TITLE I PARENT AND FAMILY ENGAGEMENT (Cont'd.)

- a) Provide assistance to parents or family members of children served by the District or school to understand topics such as the challenging state academic standards, state and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of the children;

 *(District to list ways to provide assistance in understanding topics)
- b) Provide materials and training to help parents or family members to work with the children to improve their achievement, such as literacy training and using technology (including education about the harms of copyright piracy) to foster parent and family member engagement;

**(District to list types of materials and training to foster engagement)

- c) Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents or family members, in the value and utility of parent or family member contribution, and in how to reach out to, communicate with, and work with parents or family members as equal partners; implement and coordinate parent or family member programs; and build ties between parents or family members and the school; ***(District to list strategies to educate staff to reach out and work with parents and family members)
- d) Coordinate and integrate, to the extent feasible and appropriate, parent and family member engagement programs and activities with federal, state, and local programs, including public preschool programs that encourage and support parents and family members in more fully participating in the education of the children;

 ****(District to list specific programs or activities)
- e) Ensure that information related to school and parent and family member programs, meetings, and other activities is sent to the parents or family members of participating children in a format and, to the extent practicable, in a language the parents or family members can understand;
- f) Provide other reasonable support for parent and family member engagement activities as parents or family members may request.

In addition, the District and each school may:

- a) Involve parents or family members in developing training for teachers, principals, and other educators to improve the effectiveness of this training;
- b) Provide necessary literacy training from funds received under this part if the District has exhausted all other reasonably available sources of funding for the training;

* ** and **** District must customize

SUBJECT: TITLE I PARENT AND FAMILY ENGAGEMENT (Cont'd.)

- c) Pay reasonable and necessary expenses associated with local parent and family member engagement activities, including transportation and child care costs, to enable parents and family members to participate in school-related meetings and training sessions;
- d) Train parents or family members to enhance the involvement of other parents or family members;
- e) Arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents or family members who are unable to attend these conferences at school, to maximize parent and family engagement and participation;
- f) Adopt and implement model approaches to improving parent and family engagement;
- g) Establish a District-wide parent and family member advisory council to provide advice on all matters related to parent and family member engagement in supported programs; and
- h) Develop appropriate roles for community-based organizations and businesses in parent and family member engagement activities.

In carrying out the parent and family member engagement requirements, the District and its schools, to the extent practicable, will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language they understand.

Procedures for Filing Complaints/Appeals

The District will disseminate free of charge to parents and family members of children in Title I programs, and to appropriate private school officials or representatives, adequate information regarding the District's written complaint procedures for resolving Title I issues.

*Comparability of Services

The District will ensure equivalence among its schools of the same grade span and levels of instruction with regard to teachers, administrators, and auxiliary personnel, as well as equivalence in providing curriculum materials and instructional supplies in Title I programs.

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING

In compliance with the Children's Internet Protection Act (CIPA) and regulations of the Federal Communications Commission (FCC), the District will ensure the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. These technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, pornographic, or, with respect to the use of computers by minors, considered harmful to students. The District will provide for the education of students regarding appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and regarding cyberbullying awareness and response. Further, appropriate monitoring of online activities of minors, as determined by the building or program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the District, including the selection of appropriate instructional materials and activities to enhance the schools' programs and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing any inappropriate sites. Proper safety procedures, as deemed appropriate by the applicable administrator or program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet may include, but will not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using email, chat rooms, instant messaging, and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of email, chat rooms, as well as social networking websites, may be blocked as deemed necessary to ensure the safety of students;
- b) Monitoring logs of access in order to keep track of the websites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy (AUP), unauthorized access, and other unlawful activities by minors are prohibited by the District and student violations of these policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use, and dissemination of personal identification information regarding students.

2022

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)

The determination of what is "inappropriate" for minors will be determined by the District and/or designated school official(s), the definition of which may vary depending on the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws or regulations.

*Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the District.

The District will provide certification, in accordance with the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking or filtering of access to certain material on the Internet) for all District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the District may provide to students in grades K through 12 instruction designed to promote the proper and safe use of the Internet. The Commissioner will provide technical assistance in the development of curricula for this course of study which will be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information, and support to aid in the safe usage of the Internet.

Additionally, students will be educated on appropriate interactions with other individuals on social networking websites and in chat rooms, as well as cyberbullying awareness and response.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations, and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises, and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

*District Option

Notification/Authorization

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

The District has provided reasonable public notice and has held at least one public hearing or meeting to address this policy prior to Board adoption. Additional public notice and a hearing or meeting is not necessary if and when amendments are made to this policy.

This policy must be made available to the FCC upon request. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of this policy as well as any other District policies relating to the use of technology.

This policy is required to be retained by the school for at least five years after the funding year in which the policy was relied upon to obtain E-rate funding.
