Message from the Superintendent

Dear Sherman Community,

As we embark on a new school year, I am filled with excitement and optimism for all that lies ahead. Our theme for this year, "Stronger Together," reflects the strength and unity that our district embodies. Together, we will continue to build a supportive, innovative, and thriving educational environment for all our students.

This summer, our dedicated PreK-6 teachers have been hard at work to enhance our district's reading program. Through their commitment, many have earned Science of Reading certification and participated in extensive training on phonics, assessments, and curriculum development. These efforts will undoubtedly have a lasting impact on our students' reading proficiency.

I am also thrilled to share the results of our students' hard work on the June and August Regents exams. With a passing rate of 96%, and 29% of students achieving mastery, our students truly shined! We will continue to collaborate to raise our level of mastery even higher this school year.

In addition to academic achievements, our capital project design has been in full swing throughout the summer. We anticipate releasing images of our new cafeteria, tech workshop, bus loop, and front entrance in late September. These improvements will further enhance the learning environment and overall experience for our students and staff.

I would like to extend my heartfelt appreciation to our maintenance and custodial departments. Despite the challenges of construction and summer school, they went above and beyond to ensure our school is sparkling and ready for opening day. Their hard work does not go unnoticed, and we are grateful for their dedication.

To our students and families, we are eagerly awaiting your return! We have an exciting year planned with many opportunities for us to connect as a community. Keep an eye out for information on upcoming events such as our Fall Festival, CSP Homecoming, Literacy Night, Family Math Night, and more.

Together, we are stronger, and I look forward to all that we will accomplish as a united community this school year.

Sincerely,

Carrie Yohe

SCS Meal Program

SCHOOL BREAKFAST/LUNCH PROGRAM

The Sherman Central School District has been approved to participate in Community Eligibility Provision (CEP) and announced an amendment to its policy for serving meals for children under the National School Lunch Program and School Breakfast Program for the 2024-2025 school year, which would allow for children at all schools/sites to be served meals at no charge.

All students will be served a reimbursable meal at no charge regardless of income.

***A la carte* or extras may be purchased with funds on account. No charges are permitted for *a la carte* or extra purchases.**

How do I deposit money on my child's account?

You can deposit money at [MYSCHOOLBUCKS.com](https://myschoolbucks.com). You can sign up for free with your child's student ID to deposit money and to view what your child is purchasing. There is a fee to deposit money but it is free to view purchases and check balances. You will also see any deposits made with cash or by check. If you choose to send in cash or check with your child, please place it in a clearly marked envelope with your child's name.

Thank you,

SCS Code of Conduct

The Sherman Central School District is committed to providing a safe and orderly school environment where students will receive, and district personnel will deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents, and other visitors is essential to achieving this goal.

All persons are expected to observe the Code of Conduct governing behavior in all district schools. This code is also enforced at or during school-sponsored functions, field trips, sporting events, aboard transportation (school buses, rented buses), dances, and athletic contests both at Sherman Schools, opponent's schools, and other venues. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, integrity, and dignity. It is imperative that all members of our school community show respect for others, understand and be aware of the consequences of their actions, be accountable for those actions and contribute toward the maintenance of a safe environment. Actions should be guided by respect and responsibility. Any actions that impede student progress or the educational process will not be tolerated.

The District recognizes the need to define the expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. A detailed copy of the Code of Conduct and a summary is available for public review in the Main Office and the District Office. You can also preview the Code of Conduct on the district website, www.shermancsd.org. The following is a summary of what is contained in the Code of Conduct:

- a. Provisions regarding conduct, dress and language deemed appropriate and acceptable on school property and at school functions, and conduct, dress and language deemed unacceptable and inappropriate on school property; provisions regarding acceptable civil and respectful treatment of teachers, school administrators, other school personnel, students and visitors on school property and at school functions; the appropriate range of disciplinary measures which may be imposed for violation of such Code; and the roles of teachers, administrators, other school personnel, the Board of Education and parents/persons in parental relation to the student;
- b. Standards and procedures to assure security and safety of students and school personnel;
- c. Provisions for the removal from the classroom and from school property, including a school function, of students and other persons who violate the Code;
- d. Provisions prescribing the period for which a disruptive student may be removed from the classroom for each incident;
- e. Disciplinary measures to be taken for incidents involving the possession or use of illegal substances or weapons, the use of physical force, vandalism, violation of another student's civil rights, harassment and threats of violence;
- f. Provisions for detention, suspension and removal from the classroom of students, consistent with Education Law Section 3214 and other applicable federal, state, and local laws;
- g. Procedures by which violations are reported and determined, and the disciplinary measures imposed and carried out;
- h. Provisions ensuring the Code of Conduct and its enforcement are in compliance with state and federal laws relating to students with disabilities;
- i. Provisions setting forth the procedures by which local law enforcement agencies shall be notified of Code violations which constitute a crime;
- j. Provisions setting forth the circumstances under and procedures by which parents/persons in parental relation to the student shall be notified of Code violations;
- k. Provisions setting forth the circumstances under and procedures by which a complaint in criminal court, a juvenile delinquency petition or person in need of supervision ("PINS") petition will be filed;
- l. Circumstances under and procedures by which referral to appropriate human service agencies shall be made;
- m. A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law;
- n. Guidelines for acceptable technology usage at SCS, including personal technology devices and social media;
- o. A minimum suspension period for acts that would qualify the student to be defined as a violent student pursuant to Education Law Section 321 (2-a) (a);
- p. A Bill of Rights and Responsibilities of Students which focuses on positive student behavior, and which shall be publicized and explained to all students on an annual basis;
- q. Guidelines and programs for in-service education programs for all district staff members to ensure effective implementation of school policy on school conduct and discipline.

Electronic Devices in School

It is recommended that personal electronic devices be left at home. The student recognizes that bringing these items to school is done so at their own risk. The school is not responsible for lost or stolen items. These devices also present a cheating risk and are potential distractions to the educational process.

- Unauthorized electronic devices cannot be used in class without teacher permission.

- Cell phones are prohibited during school hours, unless in designated areas.

- At no time is a student permitted to talk on a cell phone during school hours.

- Cell phones may be used in the cafeteria and study halls, with teacher permission, provided it does not present a distraction and provided the user is not on the multiple failure list. *If a student is on the failure list for failing two or more classes, they are not allowed casual use of personal electronics for any reason, other than curriculum related work in a class.*

- Students may not use their device or a school device to record, transmit or post photos or video of a person or persons on campus without their permission. Images taken or video recorded for instructional purposes cannot be transmitted or posted without permission of the teacher.

Dignity for All Students

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, cyberbullying, taunting and intimidation. Therefore, in accordance with the Dignity for All Students Act (DASA), Education Law, Article 2, the District will strive to create an environment free of discrimination and harassment and will foster civility in school to prevent and prohibit conduct which is inconsistent with the District's educational mission.

The District condemns and prohibits all forms of discrimination and harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property, and at school sponsored activities and events that take place at locations off school property. This also includes cyberbullying. In addition, any act of discrimination or harassment, outside of school-sponsored events, which can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline.

Student Dress Code

The District's dress code is established to prevent disruption and minimize safety hazards. All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school-related functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other District personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

Guidelines

A student's dress shall meet the following expectations:

1. Student dress must be safe, respectful, and responsible as to not disrupt or interfere with the educational process.
2. Headwear is not permitted unless mandated by verifiable religious requirements or verifiable medical reasons.
3. Tops must cover the torso and bottoms must cover the legs above mid-thigh. Undergarments must be covered.
4. Footwear must be worn at all times and appropriate to the activity. Footwear that is a safety hazard will not be allowed.
5. Clothing is not to include items that advocate violence, sex, profanity, drugs, alcohol, or tobacco, or that encourage illegal or violent activities.

Note:

Students who violate the student dress code may be required to modify their appearance by covering or removing the offending item, and if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so may be subject to a consequence. Any student who repeatedly fails to comply with the dress code may be subject to further consequence.

Annual District Notices

PESTICIDE USE NOTIFICATION

Sherman Central School District has adopted Integrated Pest Management (IPM) as an effective and environmentally sensitive approach to pest management. IPM uses common sense practices to control pests by taking advantage of various pest management options including the judicious use of pesticides. New York State Education Law requires school districts to inform any persons in parental relations of pesticide use in district buildings and on district grounds. The pesticide notification process consists of three parts:

1) Initial Annual Notification- At the beginning of each school year all staff and persons in parental relations will be informed of the following: 1) that there is potential pesticide use at school facilities (buildings and grounds); 2) that the school district will maintain a list of individuals wishing to receive notification 48 hours prior to actual pesticide use; and 3) that Chautauqua Hydroseeding is the school district Integrated Pest Management contact.

2) 48-Hour Prior Notification- Staff and persons in parental relations may ask to be notified 48 hours in advance of pesticide use in facilities where they regularly work or have children regularly attending classes. Schools must keep a list of these individuals and provide them with written notification at least 48 hours before pesticide use giving date, location, and name of pesticide used.

3) Interim (Summary) Notifications- Within 2 days of the end of winter and spring recess and within 10 days of the end of the school year, all staff and persons in parental relations must be notified of pesticide use since the last notification.

This notice is to inform you that during the 2024-2025 school year, it may be necessary to use pesticides at Sherman Central School facilities to meet pest management goals. If you have any questions about the Integrated Pest Management program or pesticide use at Sherman Central School, contact Mr. Jared Oehlbeck, Director of Facilities at (716) 761-6121.

School districts are required to keep a list of individuals wishing to be notified at least 48 hours before pesticide use at the facilities in which they work or have a child attending classes. If you wish to have your name placed on the 48-hour pesticide notification list, please contact the school.

Title I Parental Involvement Policy

The Board of Education recognizes the rights of parents/guardians to be fully informed of all information relevant to their children who participate in programs and projects funded by Title I. There exists significant research describing the positive impact on student achievement resulting from meaningful parental involvement. The District shall ensure parental involvement in these programs and projects by:

1. At an annual meeting Title I parents will be:
 - informed of the school's participation in Title I,
 - provided with an explanation of the Title I Parental Involvement Policy,
 - informed of parent's right to be involved in Title I activities,
 - informed of the New York State Standards and New York State student achievement standards, and
 - informed of state and local academic assessments.
2. Title I parents will be provided opportunities to become involved in Title I planning, review, and improvement efforts. Parents of Title I children will be provided with:
 - notification of their child's need for participation in the Title I program,
 - school and individual assessment information and results, including an explanation of those results,
 - timely information about Title I programs,
 - information about curriculum and the levels students are expected to achieve,
 - flexibility scheduling annual school conferences to review their child's progress, and if requested, opportunities for regular meetings related to the education of their children, and
 - timely responses to parent inquiries and suggestions relating to the education of their child.
3. Parents and school staff, where appropriate, will jointly develop and commit to a student-parent-school compact. This compact will detail how parents, staff, and students will share responsibility for improved student academic achievement.
4. Parents will be provided with opportunities to improve their skills so they may effectively work with their children to improve achievement.
5. Opportunities for Title I parental involvement will be coordinated and integrated with those opportunities offered through other programs to the extent feasible and appropriate.
6. Consideration will be given to parental involvement activities when requested by parents.
7. Full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children will be provided.

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

1. Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education:
 - Political affiliations or beliefs of the student or student’s parent;
 - Mental or psychological problems of the student or student’s family;
 - Sex behavior or attitudes;
 - Illegal, anti-social, self-incriminating, or demeaning behavior;
 - Critical appraisals of others with whom respondents have close family relationships;
 - Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 - Religious practices, affiliations, or beliefs of the student or student’s parent; or
 - Income, other than as required by law to determine program eligibility.
2. Receive notice and an opportunity to opt a student out of:
 - Any other protected information survey, regardless of funding;
 - Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 - Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)
3. Inspect, upon request and before administration or use of:
 - Protected information surveys of students and surveys created by a third party;
 - Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Sherman Central School has developed policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Sherman Central School will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Sherman Central School will also directly notify, such as through the U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey.

Sherman Central School will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys.

Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202

Positive communication is necessary to operate the transportation system. Parents need to communicate with the transportation staff if there are questions or behavior management problems. Parents need to let the transportation department know if there is a problem or perceived problem by identifying the day that it happened and the bus number. Also, bus drivers need to know if students have any medical problems that may need to be addressed while on the bus. We must all set a positive example for our students.

Finally, we ask that you have your child(ren) ready for the bus 5 minutes before the scheduled time. In addition to being ready 5 minutes early, we ask that you are waiting outside to help us keep the bus on a consistent schedule.

SCHOOL BUS CONDUCT

It is the student's responsibility to:

1. Obey the driver at all times
2. Board the bus promptly
3. Talk in a normal tone of voice
4. Keep hands to themselves
5. Stay in their seat facing forward while the bus is in motion
6. Use appropriate language
7. Refrain from eating or drinking on the bus
8. Refrain from defacing the bus
9. Place all carry-on items on one's lap
10. Allow three people to sit in each seat
