Summer 2022

## Message from the Superintendent and Principals

As the 2021-22 school year comes to a close, I want to share with our parents, students, staff, and members of the community how humbled and grateful I am to be the Superintendent of Sherman Central School. It is a great honor to be entrusted with the education of our children.

Sherman has a proud history and a bright future. The ongoing support from all district stakeholders is the key to the district's success. There have been some challenges this year, but there have been many more successes. These successes are a credit to the dedication of the students, the staff and you, and the families of Sherman.

Enjoy your summer and use this time to reconnect and recharge with each other. We will be working hard behind the scenes to get our district ready for another great year of success for the 2022-23 school year!

And finally, to the class of 2022, I wish I had more time to see you through your final years at SCS. You are an accomplished group of young adults who work well together. Your class of 2022 is made up of award-winning athletes, recognized musicians, FFA award winners, and high honor vocational students. Needless to say, our school could not be more proud of you, the class of 2022.

Go Wildcats!

**Carrie Yohe**, *Superintendent*

As the 2021-22 school year draws to a close, I feel that it is important to focus on the growth and triumphs over the past ten months. We have seen preschool students prepare to take on kindergarten, we have seen our high school athletes prepare for and participate in State Championships and we have seen the Class of 2022 overcome two years of atypical instruction, persevere through personal and group challenges, and are now ready to take the world by storm.

None of these accomplishments would have been possible without the support of the teachers, staff, family and community here at Sherman. I have had the privilege of watching this community rally together in a tragic time to support a family this school year. I have also seen smaller random acts of kindness done quietly and privately on a regular basis. I wanted to take this chance to thank the larger Sherman community for the support of our students and staff over the past twenty-seven months. Thank you for allowing me to be part of this community. It has been an honor to witness the growth of the students and community of Sherman this school year.

Have a safe and relaxing summer!

**Ann Morrison**, *Principal*

As the 2021-2022 school year quickly comes to an end we are celebrating many things here at Sherman Central School. Our spring sports teams ended in a very nice fashion with the softball team ending its campaign in the section semi finals. With Reagan Bates being named to the 1st team of the all star team. Paige Gratto and Kate Lindsey were named to the 2nd team, and Samantha Henning was given an honorable mention. The track team celebrated with Jenna Fisher as she went to States to compete in the 100 meter dash earning her personal records and a CSP record. She also competed in the 200 meter. Gerald Carris also competed at the State level and placed 4th in the pentathlon in division 2! Congratulations to these student athletes. It was a tremendous season! The CSP Baseball team finished as State semi finalist! Congratulations to this team!!

For the Trap team, the top gun male was David Maleski and Andrew Beatman was the runner-up. The top gun female was Olivia Lindsey and the runner up female was Isabella Sorrento. Iron Rivera was the winner of the Jack Wieland Memorial Scholarship through the Trap Club.

We would like to thank the community for your help and patience as we move back to more normal activities during this school year and we look forward to the upcoming school year with great anticipation!

We wish each student and their families a happy and safe summer! Please call the school this summer with questions or concerns as we are happy to help.

Happy Summer!

**Nicole Marino**, *Assistant Principal*

Hello, I am Carlie Phelps and I'm a Senior at Sherman Central School. I have taken many art classes throughout my high school years. The art classes I took are studio art, crafts, ceramics/sculpture and drawing/painting.

I also played volleyball and I hungout with my friends. A couple years ago I had my heart set on doing auto body but since I have experienced a lot of new things throughout the year I have changed my mind. I have found new interests. A couple new interests that I have discovered are how much I love cows, helping the family run their business and driving. In the future I plan on helping the family business grow.
