Sherman Central School District Newsletter

Congratulations Class of

2023

"Home of the Wildcats"

Summer 2023

Superintendent's Message

As the Superintendent of Sherman Central School District, I wanted to take a moment to express my heartfelt appreciation for all your support and dedication throughout the academic year. It has been a year filled with remarkable achievements, growth, and countless memorable moments. I am amazed at what these students and staff members accomplished this year. This year we brought back almost every activity we had pre-covid. Not only did we hold events, we excelled in those activities. Several of our athletic teams extended their seasons with runs in the playoffs. Many students attended the State and National FFA conferences. Talents were put on display in both the school play and the school musical. Students were also selected to represent Sherman this fall and spring in the CCMTA Solo Festival and All-County, and the NYSSMA All-State Mixed Choir.

Carrie Yohe
Superintendent

The district held a Meet and Greet, Open House, awards ceremonies, parent-teacher meetings, concerts and other activities so our students could still showcase and celebrate their talents. The wellness and guidance department organized a Wellness Day as well as a Career day for students. And last but not least, Sherman's PTA worked hard to bring back end of the year field trips for our elementary students!

To our exceptional students, I want to applaud your hard work, determination, and resilience throughout the year. To our new graduates, your thirst for knowledge and passion for learning have been truly inspiring. As you embark on this well-deserved break, I encourage you to explore new horizons, pursue your passions, and embrace opportunities for personal growth. Congratulations!!!

To the families who support our district each and everyday, thank you for your continuous involvement in your child's education. Your commitment to their success and well-being has played an invaluable role in our shared achievements. As the summer unfolds, I hope you have the opportunity to bond, create cherished memories, and relish the joys of family time.

I would also like to extend my heartfelt gratitude to our dedicated educators, administrators, support staff, drivers, cleaners, and the list goes on to everyone who has worked tirelessly to provide an enriching and safe learning environment. Your unwavering dedication to our students and commitment to excellence have made Sherman a shining beacon of educational success.

Finally, I want to express my appreciation to our wonderful community for its continuous support and collaboration.

As we bid farewell to this academic year, let us embrace the summer with open hearts and open minds. May the sunshine and warmth fill our days with joy, laughter, and endless possibilities. Stay safe, stay curious, and stay connected. Go Wildcats!

Carrie Yohe
Superintendent

Principal's Message

Hello Wildcat families,

June is here and summer is right around the corner! We have had such an exciting spring in case you did not hear! We had a winning softball team, kids excelling in track and the welcoming of the girls flag football team this 2023. We made it through 3-8 testing and the kids have studied hard for regents tests! We have watched some inspiring musical productions including a play, and multiple band and choral concerts. We also had kids performing really well in the trap club. We had a wonderful art exhibition in the hallway during our spring open house and a wax museum that was quite the learning experience and enjoyable for all! Wow what a time! That does not even include the field trips that the students went on during the last few weeks of school! Ask your favorite student where they went on a field trip and I am sure they will have at least one story to share!

Nicole M. Marino
Principal

As summer begins please make plans for days to relax and days for plenty of activity. Our students have worked hard and I am so excited that they get to spend the summer enjoying sunny days, family and all summer has to offer.

For those students attending summer school it will begin on July 10, 2023 and go through August 10. Wildcat Weeks will run until August 3rd. It is sure to be a great time!

The fall session will be here before we know it with school starting after labor day for the 2023 school year. If you have children returning in the fall be on the lookout for announcements of the release of jr. and sr. high student schedules. We will be having our pre-k bus run to familiarize families and students who are just joining the SCS school family. We will also have an open house before school starts to ease any pains and anxiety our students may have.

As always if any questions or concerns arise please do not hesitate to reach out. We will be in the office for the majority of the summer!

Congratulations and good luck to all of our senior students and families! May each of you have a refreshing summer 2023!

Go Wildcats!

Nicole Marino
SCS Principal

Congratulations Class of 2023

2023 Sherman Central School Valedictorian

Brayden N. Hayes

Brayden Hayes is the son of Leah and Trevor Hayes. Brayden is a member of the National Honor Society and has participated on the football and basketball teams. He has also served as Student Government President. He has received the WNY Football All-Academic award and an Honorable Mention in All-State Basketball. He received the St. Bonaventure University Bonnie scholarship, the RIT Computing Medal & Scholarship and the Rensselaer Medal in his Junior year. In the fall, he plans to attend Baldwin Wallace University for Sport Management.

2023 Sherman Central School Salutatorian

Cora Delanie Goldberg

Cora Goldberg is the daughter of Kristin and Chad Goldberg. Cora is a member of the National Honor Society and SADD, and has participated on the volleyball, softball and flag football teams. She received the Keuka College Leadership award and the RIT Innovation and Creativity Award in her Junior year. In the fall, she plans to attend Jamestown Community College for Math and Science, with a concentration in Nutrition.

2023 Sherman Central School Class Historian

Camdin Trask

Camdin Trask is the daughter of Tammy and Darron Trask. Camdin is a member of the National Honor Society, and has participated on the track, basketball, softball and volleyball teams. She received the RIT Computing Medal, and the Elmira Key Award. In the fall, she plans to attend SUNY Fredonia for exercise science to become either a physical therapist or athletic trainer.

Congratulations Class of 2023

Karagan J. Ayers

Karagan J. Ayers most influential teacher was Mrs. Goldberg - she was her elementary teacher but they still talk and she cares about her students. What she will miss the most are the teachers who care and support the students in Sherman. Her favorite school memory was playing mask basketball on the first day they no longer had to wear them in art, when Ms. Hawkins was the teacher, and getting prizes for making it in the three different sized baskets. Karagan's post-graduation plans are to attend college.

Kegan R. Ayers

Kegan R. Ayers will miss the teachers most about Sherman. Winning sectionals during basketball season was one of his favorite school memories. Mr. Harper had a strong impact on his life because he is real - he does not sugarcoat things and treats students fairly as adults. Kegan's post-graduation plans are to study real estate.

Reagan E. Bates

Reagan E. Bates participated in Softball, Volleyball and Basketball during her time at SCS. Her favorite memory from High School was the field Trip to the beach and Zooming with friends during Covid. Her favorite quote is "Good decisions come from experience. Experience comes from making bad decisions" by Mark Twain. The things she will miss the most about Sherman are the sports community and teachers. Her most influential teacher was Mrs. Palmatier. Reagan's post-graduation plans are to attend Brockport to major in exercise science.

Alex Carlson

Alex Carlson will miss the teachers the most at Sherman. His favorite teacher is Mr. Harper because he is fun. His favorite school memory is hanging out with Gary. Alex's post-graduation plans are to go to college for diesel.

Haleigh Marie Christensen

Haleigh Marie Christensen participated in Cross Country during her time at SCS. Her favorite memory from High School was being in Mr Lewczyk and Mrs Taylor's rooms, and helping out with the little kids and cafeteria. Her favorite quote is "Why fit in when you were born to stand out?" by Dr. Seuss. What she will miss most about SCS is all the support and fun times in class, and the fitness class. Her most influential teachers were Mr. Lewczyk and Mrs. Taylor - they would not let her give up on her goals and they both had a lot of faith in her when she did not. They always made class fun and made her feel like she was important. Her post-graduation plans include working with horses, and working with kids with disabilities.

Congratulations Class of 2023

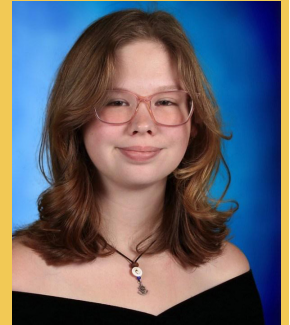

Colton R. Courtney

Colton R. Courtney says that Mrs. Svenson had the most significant impact on his career at Sherman - she was always there for everyone whenever they needed her and she was always so happy and peppy every day. She could definitely turn a bad day into a good one with a small conversation. Colton will miss the teachers and staff members the most, along with his younger friends. He plans to attend Jamestown Business College in the fall of 2023 to receive his degree in Marketing and Management. Then he will move to Tennessee to continue his career in the Texas Longhorn cattle industry. His favorite SCS memory is going to the main office every day to visit Mrs. Eddy and Mrs. Gustafson.

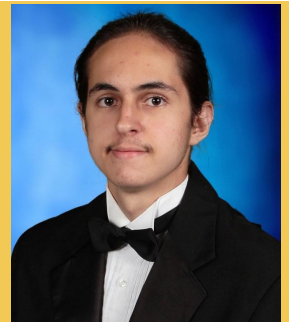

Natalie Davis

Natalie Davis's favorite memory at High School was going to and being at BOCES, as well as hanging out with friends at games and school events. What she will miss the most about Sherman are her friends and the teachers. Her most influential teacher was Mr. Delles because he made her believe that she could be a teacher. Natalie's post-graduation plans are to go into law enforcement or to become an English teacher.

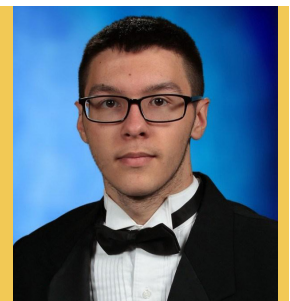

Nicholas W. Devine

Nicholas W. Devine participated in Musical, High School Bowl and Choir. His favorite memory of High School was of Mr. Cook and Mr. Harper joking with the class. His favorite quote is "A person who never made a mistake never tried anything new" by Albert Einstein. What he will miss the most about Sherman are Mr. Harper's and Mr. Cook's classes. His most influential teacher was Mr. Cook - he made Nicholas like chemistry and as a result he intends to go to college for chemistry. Nicholas' post-graduation plans are to attend Kent State University to study chemistry.

Gary Lee Fisher III's

Gary Lee Fisher III's favorite memory of High School was goofing around with my friends. His favorite quote is "Rule number 5. Show no love, love will get you killed" by 50 Cent. What he will miss the most is seeing everyone every day. His most influential teacher was Mr. McKane because he pushed him to do better and believes that he has great potential. Gary's post-graduation plans are to attend University of Northwestern Ohio for high performance.

Hayden Jean Marilyn Fisher

Hayden Jean Marilyn Fisher participated in NHS, Student Council, SADD, Basketball, Volleyball, Softball, Flag Football and Cross Country during her time at SCS. Her favorite High School memory was making it to the Girls Basketball State Championship Game. Her favorite quote is "Here's how I'm going to beat you. I'm going to outwork you. That's it. That's all there is to it" by Pat Summit. Her most influential teacher was Mrs. Eckwahl as she has always been someone she can look up to. She taught her how to be a strong, independent woman and she will forever be grateful to her. What she will miss the most are all of the relationships she created here with both teachers and classmates. Hayden's post-graduation plans are to attend Baldwin Wallace University and to pursue a career in Sports Management.

Congratulations Class of 2023

Elisabeth Grace Gibbons

Elisabeth Grace Gibbons's favorite school memory is making lunches with Mr. Lewczyk. What she will miss the most about Sherman are her teachers and friends. Her most influential teacher was Mrs. Bogdanowicz, and she enjoyed playing with her bunny. Elisabeth's plans after school are to go right into the workforce.

Paige Noell Gratto

Paige Noell Gratto's favorite memory was going to States with the basketball team. What she will miss the most is seeing her friends every day and all the teachers. Her most influential teacher was Mrs. Eckwahl, as she has helped her with so many things, including colleges, school drama, family stuff, and how to be a good person in general. Her post-graduation plans are to attend the University of Pittsburgh Bradford, where she will play basketball for them also. Paige will major in health and physical education, and minoring in coaching.

Lillian Heverley

Lillian Heverley participated in the Musical and Chess Club during her time at SCS. Her favorite memory from High School was when she was showing off her completed art project to the art teacher and her friends. Her favorite quote is "You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose" by Dr. Seuss. What she will miss the most are the supportive teachers at Sherman. Her most influential teacher was Ms. Hawkins as she encouraged her to be creative. Lillian's post-graduation plans are to go to college for graphic design.

Mattelynn M. Joint

Mattelynn M. Joint's favorite memory from High School was probably their class trip to the beach, spending time with all of my classmates, and drawing on teachers' white boards. Her favorite quote is "This is just a part of growing up. A little adventure, a little rebellion" from the movie Tangled. What she will miss the most about Sherman are all of the teachers. Her most influential teachers are Ms. Hawkins and Mr. Minton as they pushed her to do what she loves. Mattelynn's post-graduation plans are going to college to do something with art.

Memphis J. Kopta

Memphis J. Kopta's favorite memory is going to Mr. Cook's house for a field trip and getting pushed into a mud puddle while playing basketball. His most influential teacher was Mrs. Palmatier because she was always so nice and he really enjoyed her class. What he will miss the most about Sherman are all of the teachers that he had. Memphis' post-graduation plans are going to college for biology on a pre-med track. After he gets his bachelor's degree, he plans on going on to medical school to become a cardiologist.

Congratulations Class of 2023

Nellie M. Kopta

Nellie M. Kopta participated in NHS, SADD, Softball and Flag Football during her time at SCS. Her favorite memory from High School was Zooming with friends during Covid. Her favorite quote is "You got this!" What she will miss the most about Sherman is playing sports for the school and all the teachers. Her most influential teacher was Mrs. Palmatier because she could always go and talk to her whenever she needed. Nellie's post-graduation plans are to attend a JCC nursing program, then going on to become a nurse practitioner.

Emilie M. LaVoice

Emilie M. LaVoice participated in Bowling during her time at SCS. Her favorite memory from High School was singing and dancing in the high school art room with Ms. Hawkins. Her favorite quote is "Courage is being scared to death but saddling up anyways" by John Wayne. The main thing that she will miss is that the school was like a big family and the teachers actually care about their students. Ms. Hawkins was probably her favorite teacher - she had lots of fun in her room and she was so encouraging right from the beginning. Her post-graduation plans are to join the workforce so she can earn enough money to buy a farm and work her way up from there.

David G. Maleski

David G. Maleski's favorite memory from high school is playing basketball. What he will miss the most about SCS is the small school environment that allowed him to know everyone. The most influential teacher to him was Mr. Cook because he taught chemistry and invited him to FCS, which are both things he likes. David plans to either get a business degree at JBC or possibly go to lineman school.

Desiree Mercado

Desiree Mercado's favorite school memory was making sling-shooting masks with Ms. Hawkins. Her most influential teacher was Mr. Rappold as he made sure that his classroom is a welcoming and comfortable place to be in. What she will miss the most about Sherman is the community. Her post-graduation plans are to go to college for social work.

Destiny Mercado

Destiny M. Mercado's post graduation plans are to go to college to become a forensic scientist. What she will miss most about Sherman are all the teachers.

Congratulations Class of 2023

Gavin D. Parker

Gavin D. Parker's favorite school memory was winning the badminton tournament with Kegan. What he will miss the most about Sherman is having fun with friends. His most influential teacher was Mr. Tanski as he gave him good opportunities. He taught him new things and helped with his future job. Gavin's post-graduation plans are to move to Florida and work in demolition.

Trenten R. Phelps

Trenten R. Phelps' favorite memory was playing guitar every chance he could. What he will miss the most about Sherman are all the kids he was lucky enough to grow up with. His most influential teacher was Mr. Barmore. Trenten's post-graduation plans are to enter the military or potentially the air force.

Marissa Marie Powell

Marissa Marie Powell's favorite memory of High School was any moment that she was in art. Her most influential teacher was Ms. Hawkins because her class helped her realize that she wanted to go into the art field. What she will miss the most about Sherman is the people. Marissa's post-graduation plans are to take a year to save up money and get her license, and then she wants to go to college.

Jarrett M. Rhebergen

Jarrett M. Rhebergen's favorite memory is being able to do things he enjoys with other people at BOCES, and Junior HoCo was really fun. What he will miss the most about Sherman is his small but fantastic group of friends. His most influential teachers are Mr. Tanski and Mr. Harper. If he has ever needed to talk to someone, he would go to them because he knows they would not judge him or what is being talked about. Jarrett's post-graduation plans are going straight into the workforce or going to a trade school.

Curtis Alan Smith

Curtis Alan Smith's most influential teacher was Mrs. Palmatier as she kept a positive attitude and was very encouraging. His favorite memory was going to Alaska through the school with his friends. His post-graduation plans are to attend Alfred State College for Surveying and Geomatics Engineering Technology. What he will miss the most about Sherman is playing golf and being in the musical along with his fellow students and teachers.

Congratulations Class of 2023

Gabriel James Snow

Gabriel James Snow's most influential teacher was Mr. Lewczyk because he'd been with him since 6th grade. He had fun selling food and coffee with other students for the teachers and school aides. What he will miss the most is the community of the school and helping around the school. His favorite school memory is working with other students, helping around the school and helping with coffee, the cafeteria and the mail. His post-graduation plans are to get a job and a place of his own.

Aiyana Iris Stracener

Aiyana Iris Stracener's most influential teacher was Mrs. Goldberg because she was able to shadow her while teaching this year and that has helped her learn and grow. Her favorite memory was the daily walks that she took with her friend group around the school. Her post-graduation plans are to attend JCC and Penn State to receive her major in elementary education and minor in foreign language. She will miss being with her friends every day and always having the support of the teachers.

Jacob Swabik

Jacob Swabik's favorite school memory is messing around in class with friends. Jacob will miss the people the most at Sherman. His most influential teacher is Mr. Emory because he was a great role model for him in everything he did. Jacob's post-graduation plans are to attend JCC and then go to the police academy.

Leighanne Swan

Leighanne Swan participated in SADD, FFA, National Honors Society, Track, Cross Country and Basketball during her time at SCS. Her favorite memory from High School was Zooming with friends for school during Covid. Mr. Morano has been her most influential teacher as he has always been there for her throughout school and through her sports seasons. The thing that she will miss most about SCS is the sports community. Leighanne's post-graduation plans are to attend Slippery Rock University to pursue a veterinarian degree.

Ellie Francis Whitman

Ellie Francis Whitman's favorite memory of High School was seeing friends everyday. What she will miss the most about Sherman is seeing friends every day and basketball. Ellie's most influential teacher was Mrs. Taylor because she was like a school mom and she could always go to her without judgment. Her post-graduation plans are to attend JBC for 2 years.

Congratulations Class of 2023

SUMMER EVENTS

Check out some Great Summer
Events on the back page!

Mrs. Collver's Class

Mrs. Collver's Class enjoyed a trip to the Audubon Society in Jamestown. Students enjoyed a nature walk, interactive nature play and hands-on learning in the nature center.

Pre-K

Pre-k has been learning about the different habitats around the world. They have learned all about the polar, rivers and ponds, woodlands, grasslands, deserts, rainforests, and oceans. Along with these habitats they have learned about the unique animals that live in each of these areas.

Mr. Tanski's Construction class built a cover over the top of the sandbox near the prekindergarten playground. The students who participated in the construction are Daniel Meeder, Ryan Perry, Carson Pinzok, Jarrett Rhebergen and Logan Swan.

Kindergarten

The kindergarten classes have been learning all about plants. Aside from reading fiction and nonfiction books about plants, they have also learned the names of plant parts, the life cycle of a plant, learned the many ways seeds travel and finally, we got to test our "green thumbs" by planting marigold seeds and watching them grow under our care. This unit was a fun way to welcome the summer season!

First Grade

Sherman first graders have definitely taken advantage of and enjoyed the beautiful weather. We were able to make a collection of amazing memories with our classmates. Our trips to the Experience Children's Museum and Erie Zoo provided us with some fantastic adventures. Sunshine and opportunity have also allowed us to enjoy a nature walk to our Sherman Community Nature Center. It is equally important to find learning beyond the walls of our classroom. As always, we have been sharpening and maintaining our classroom skills as we prepare to jump forward into second grade.

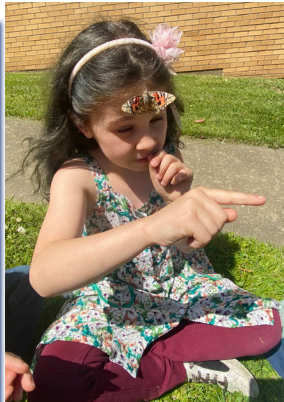

Second Grade

Second grade has wrapped up the year focusing on jobs in our community. The students were able to focus on a job that they thought was the most interesting and one they would like to try. They wrapped up the unit with multimedia presentations to show their classmates what their job is all about. The second graders are very excited for their field trip to the Flying Squirrel jump park as well as their picnic and field day!

Third Grade

Many third graders have looked in wonder at a butterfly as it flutters around a garden; many have also seen a caterpillar creep along. Some students may have heard that a caterpillar transforms into a butterfly, but virtually none has seen this change occur. Our Science Unit for the month of May: The Life Cycle of Butterflies, gave our students the opportunity to investigate the life cycle by focusing on one fascinating organism - the Painted Lady Butterfly. Within this month, our third graders saw our caterpillars arrive as small larvae, and used their observational and recording skills as they watched them crawl, suspend themselves upside down, spin silk, eat, eliminate waste, and molt. They then witnessed the transformation from caterpillar to chrysalis. Students saw the characteristic J-shape the caterpillar assumed as it suspended itself from the top of its cup in preparation for the transformation. They noted in their Science Journals that there is change going on inside the chrysalis, even during this apparently inactive stage. The third graders had a blast during the release of these majestic creatures! Every single kiddo got a chance to hold one of the Painted Ladies before they took off in flight to live out the remainder of their life cycles!

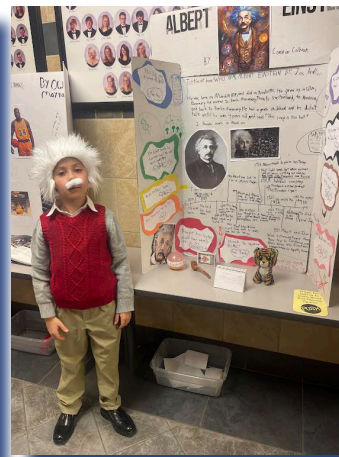

Fourth Grade

For the fourth graders the last quarter of the school year was filled with a multitude of experiences beyond the walls of their classrooms. First they were able to meet their pen pals from Chautauqua Lake! They visited their school to have lunch, play basketball/football/soccer, play on the playground, draw with chalk, and more. They had a great time!

They also traveled to Lockport and took a ride on the Erie Canal, and then headed to Niagara Falls State Park where they rode the Maid of the Mist, and viewed the Horseshoe, American and Bridal Veil Falls from the park's trails and overlooks. Students also walked the nature trails and toured the galleries of the Roger Tory Peterson Institute in Jamestown. In Bemus Point, they learned about the history of Chautauqua Lake at the Lawson Center Boat Museum and took a ride on the Bemus Point Ferry. During the last full week of school, the fourth grade attended a preview of the Chautauqua Youth Ballet Gala and participated in activity stations. Stations included strawberry DNA extraction, a literary arts activity, and midway game stations that encouraged collaboration, problem solving and communication skills. How fortunate our students are to live in an area where they can experience these rich activities in the arts, sciences, humanities, and history just a short drive from the classroom!

Our first annual Live Wax Museum was a success! The students worked hard and spent many weeks putting together their Biography Projects. We read the series "Who was/Who Is" and researched well-known/famous people to learn about their lives and their accomplishments. We focused on reading non-fiction texts, gathering facts and using text features to display the information. It was wonderful seeing the community join us!

Fifth Grade

The 5th grade has been active lately, with field trips to Cornell Conservation Days at Lake Chautauqua Lutheran Camp where we heard from an assortment of 14 different local presenters. We heard about local beekeeping, forest rangers, bats & spiders, nutritious hydration, local turkeys, bluebirds, and Chautauqua Fish Hatchery. We traveled to the Buffalo Museum of Science for a day. We went to the Reg Lenna to see Percy Jackson. We also headed to Chautauqua Institution for a STEAM day and of course our fun day at Waldameer!

Fifth Grade and Sixth Grade

The 5th and 6th grades spend June 7th visiting the Buffalo Museum of Science. The museum houses a great representation of the present and past natural history of Western New York. The students viewed and interacted with exhibits that covered the fields of anthropology, botany, entomology, paleontology, and zoology. A wonderful time was had by all. 5th & 6th Grade ELA. The fifth and sixth graders conducted a wax museum research project. They chose a famous figure as their subject, read a book and spent time collecting information. When it came time to present, students dressed up as their subject and performed a speech. They did a fantastic job!

CSP Girls Flag Football 2023

CSP joined many Section VI schools participating in the inaugural season of Girls Flag Football. The Lady Wolfpack enjoyed much success this Spring, and concluded the season with a record of 3-2, which placed them 3rd out of 6 teams in the Chautauqua County League. Hayden Fisher was the team's leading receiver, and one of the league's best defensive players, as well. Paige Gratto scored the program's first ever touchdown in a 24-6 win against Southwestern. She also scored against Chautauqua Lake in a 14-0 win, and recorded an interception against Cassadaga in a 39-12 win. Cora Goldberg was another key member of the team, recording multiple touchdowns against Cassadaga, and also scoring against Jamestown and Fredonia. Seniors Reagan Bates and Leighanne Swan, as well as juniors Brandy Safford and Kinsey Witherow were standouts on the defensive side of the ball. It was a memorable season, and the girls should be proud of all that they accomplished!

Students of the 3rd Quarter

Sherman Central School's Junior High Student of the Third Quarter is Charlotte Spitzer. Charlotte is the daughter of Garrett and Lisa Spitzer. Her favorite courses to take are Spanish, Gym, Science, and ELA. Charlotte enjoys competitive gymnastics, dance, and drawing. Her career interests are to become a lawyer, interior designer, engineer, or a therapist.

Sherman Central School's senior high student of the third quarter is Leighanne Swan. Leighanne is the daughter of Jason and Jaime Swan. Her favorite course to take is statistics. Leighanne enjoys being involved in Track and Field. After graduation she would like to attend Slippery Rock University to start her path to becoming a Veterinarian.

Special Olympics

The Special Olympics took place at Strider Field on May 22. The Sherman athletes participated in running, throwing and jumping events. During the Opening Ceremony, event director Mr. Bob Gould stated that this year was the biggest turnout that they had ever had before at the Strider Field location with over 430 athletes participating. Congratulations to all of our athletes and thank you to the high school helpers who assisted all day.

Sherman Central School Honor/Merit Roll - 3rd Quarter

Twelfth Grade Honor Roll

Karagan Ayers, Colton Courtney, Natalie Davis, Nicholas Devine, Hayden Fisher, Elisabeth Gibbons, Cora Goldberg, Paige Gratto, Brayden Hayes, Lillian Heverley, Mattelynn Joint, Memphis Kopta, Nellie Kopta, Emilie LaVoice, David Maleski, Desiree Mercado, Gavin Parker, Trenten Phelps, Jarrett Rhebergen, Curtis Smith, Gabriel Snow, Aiyana Stracener, Leighanne Swan, Camdin Trask

Twelfth Grade Merit Roll

Alex Carlson, Gary Fisher III, Destiny Mercado, Marissa Powell

Eleventh Grade Honor Roll

Lexus Eschenbach, Faith Gormley, Devin Johnson, Chloey Kopta, Sophie Lindsey, Olivia Maleski, Daniel Meeder, Taryn Palmatier, Ryan Perry, Tayden Persons, Brady Pugh, Aziel Rivera, Brandy Safford, Elliot Thompson, Kinsey Witherow, Ivy Yokom

Eleventh Grade Merit Roll

Emory Davis, Brayden Kahle, Gavyn Livermore, Lily Martin, William Scadden, James Sheare

Tenth Grade Honor Roll

Isaiah Burkholder, Dylan Carey, Kellie Christensen, Erin Elder, Teagan Gratto, Max Guzman, Joseph Issler, Isaphina Kioko, Brenna Livermore, Kenadi Long, Jonah Martin, Andrew Perry, Brady Phelps, Dominick Rater, Zachary Schmitz, Aaron Stevens, Logan Swan, Kendra Thornton, Kelsey Wagner, Jayden Zenns

Tenth Grade Merit Roll

Miriam Dye, Carson Gibbons

Ninth Grade Honor Roll

Elias Armes, Albert Burkett, Troy Chambers, Logan Douglas, Jacob Ferranto, Mary Fuller, Kamryn Heinert, Delilah Heverley, Scott James, Riley Johnson, Olivia Lindsey, Kristi Mecusker, Hannah Lee Phelps, Allison Rhebergen, Gary Rotunda, Jordan Spitale, Larsen Swan, Brookelynn Wright

Ninth Grade Merit Roll

Camron Bascom, Bryce Carlson, Joseph Davis, Mason Moore, Delilah Stoddard

Eighth Grade Honor Roll

Isabella Barton, Iona Burkholder, Caleb Cook, Gracen Eddy, Madison Emory, Jasper Eschenbach, Adrienne Eshelman, Carlie Gable, Evan Gratto, Faith Hooks, Gabe Kopta, Kihomi Lilley, Kyle Maynard, Emily Mecusker, Abigail Mellors, Jasmine Osterhoudt, Bria Palmatier, Talon Persons, Brianna Reeves, Isabella Sorrento, William Spitzer

Eighth Grade Merit Roll

Hayden Chambers, Cadence Courtney, James DeLellis, Kaden Hallowell, Ethan Johnson, Elias Mendoza, Aaron Orlando, Caylee Pinzok, Tayler Pinzok, Summer Ryan, Ryan Sanders

Seventh Grade Honor Roll

Emilie LaVoice

Meeting For The First Time

Untitled

The Old American West

Shields Angus View

Endangered

Cow Calf Pair

American Paint Horse

Howdy, I'm Emilie LaVoice. My future plans are to just go straight into the workforce after school. I eventually want to own my own farm raising cattle and equine. I'd like to do more things with horses, possibly being a part of therapeutic riding. I want to keep working on my art and get better through the years to come. I plan on starting to sell my pieces soon. I do paintings and colored pencil drawings and my focus is towards animals and realism. I love animals to pieces so being able to capture a moment in the life of an animal brings me a lot of joy as it does for some others also. Being able to see animals everyday and living on a farm is really inspirational for myself in being able to create an art piece. If I need more motivation, my family, friends and teachers help to motivate me. I always have someone asking me to do a painting for them and I'm always happy to try, even if it's out of my comfort zone, but hey we got to push ourselves if we want to get better. Art is one of my many hobbies and I plan to continue doing just that.
